

CIUDADES INTELIGENTES TOTALMENTE INTEGRALES, EFICIENTES Y SOSTENIBLES

ICSC-CITIES 2022

V Ibero-American Congress of Smart Cities

Cuenca, Ecuador, November 28-30, 2022
(presential and on-line congress)

Important dates

Submission deadline September 30, 2022

Notification Due October 30, 2022

Final Version Due November 15, 2022

Main topics: sustainability, mobility, energy efficiency, governance, AI, urban informatics and big data, sensors and Internet of Things.

Conference website <http://icsc-cities.com>

Submission link <https://easychair.org/conferences/?conf=icsccities2022>

Smart cities are the result of the increasingly urgent need to orient our lives towards sustainability. Therefore, these cities use infrastructure, innovation, and technology to improve the quality of life of their citizens.

Being a strategic issue that brings new challenges, the organizers invite the academic community to participate in the V Ibero-American Congress of Smart Cities (ICSC-CITIES 2022). The congress will be a discussion forum to create synergies among different research groups to favor the development of Smart Cities. Authors are invited to register and submit manuscripts and contribute to knowledge development and integration in different scenarios.

ICSC-CITIES 2022 will take place on November 28-30, 2022, in Cuenca, Ecuador, with the sponsorship of the Universidad de Cuenca, Ecuador.

List of Topics

- IoT and ubiquitous devices
- Smart Mobility
- Energy
- Smart grid
- Governance and Citizenship
- Energy Efficiency and Sustainability
- Smart Industry
- Smart Environment
- Smart Public Services (waste management, health, public transportation, among others)
- Urban Informatics, Big Data, Data Management, Analytics and Artificial Intelligence for Smart Cities
- Other developments for Smart Cities

CIUDADES INTELIGENTES TOTALMENTE INTEGRALES, EFICIENTES Y SOSTENIBLES

Submission Guidelines

All manuscripts must be original and not been simultaneously submitted to or in consideration for another journal or conference. Manuscripts written in Spanish, Portuguese, or English are considered for presentation in the congress. The maximum length is 15 pages, and the maximum file size is 5 MB. Authors should consult authors' guidelines by Springer and use the proceedings templates (LNCS/CCIS), either for Latex or for Word, to prepare the manuscripts.

Publication

All accepted articles will be published in the proceedings book of the congress. In addition, the Program Committee will select the best-accepted articles (written in English) for submission to Springer, a prestigious publisher that has published selected articles at Communications in Computer and Information Science (CCIS) series (citescore 0.8 Scopus; SJR 0.16 - Q4 Computer Science)* in the fourth previous editions of the conference.

In addition, authors of selected articles will be invited to extend their contribution to be submitted for publication in special issues of the following journals:

- **Sensors** (open access journal published by MDPI, citescore 5.8 Scopus–Q1; SJR 0.8–Q1 Analytical Chemistry, Q1 Instrumentation; JCR 3.847–Q2 Instruments & Instrumentation, Chemistry, Analytical, Engineering, Electrical & Electronic),
- **Sustainability** (open access journal published by MDPI, SJR 0.66–Q1 Geography, Planning and Development, Q2 Renewable Energy, Sustainability and the Environment, Q2 Energy Engineering and Power Technology; JCR 3.889–Q2 Environmental Sciences, Environmental Studies),
- **Applied Sciences** (open access journal published by MDPI, citescore 3.0 Scopus–Q2; SJR 0.51–Q3 Computer Science Applications, Q2 Engineering, Q2 Instrumentation; JCR 2.838–Q2 engineering, physics, Environmental Studies),
- **Sustainable Energy Technologies and Assessments** (citescore 6.5 Scopus; SJR 1.36–Q1 Energy Engineering and Power Technology; JCR 7.632–Q2 Energy & Fuels, Green & Sustainable Science & Technology), published by Elsevier,
- **SN Computer Science** (recently indexed in Scopus), published by Springer Nature,
- **Revista Facultad de Ingeniería Universidad de Antioquia** (citescore 0.8 Scopus–Q2; SJR 0.16–Q4; JCI 0.17–Q4 Engineering).

Publications of selected articles will be free of charge. At least 40% of original content is required in the extended version.

*Impact factors and SJR & JCR classifications updated to 2022
